CSP as a framework to formulate solutions

Support dimensions

Components

- Access to toilets
- Wastewater management
- Storm water management
- Water supply
- Solid waste management

Why does your city need a CSP?

- **Complete understanding of current sanitation situation in your city**
- **Getting your stakeholders on board and raise awareness for sanitation**
- **Facilitates the selection of useful investment projects**
- **Policy Framework: NUSP, SBM, Smart Cities, AMRUT**
- **Not only an investment plan – but planned approach towards city wide sanitation**

Goal and Target Groups of Training Programme

Overall Goal of Training Programm:

- **Supporting cities and towns to develop and implement City Sanitation Plans**

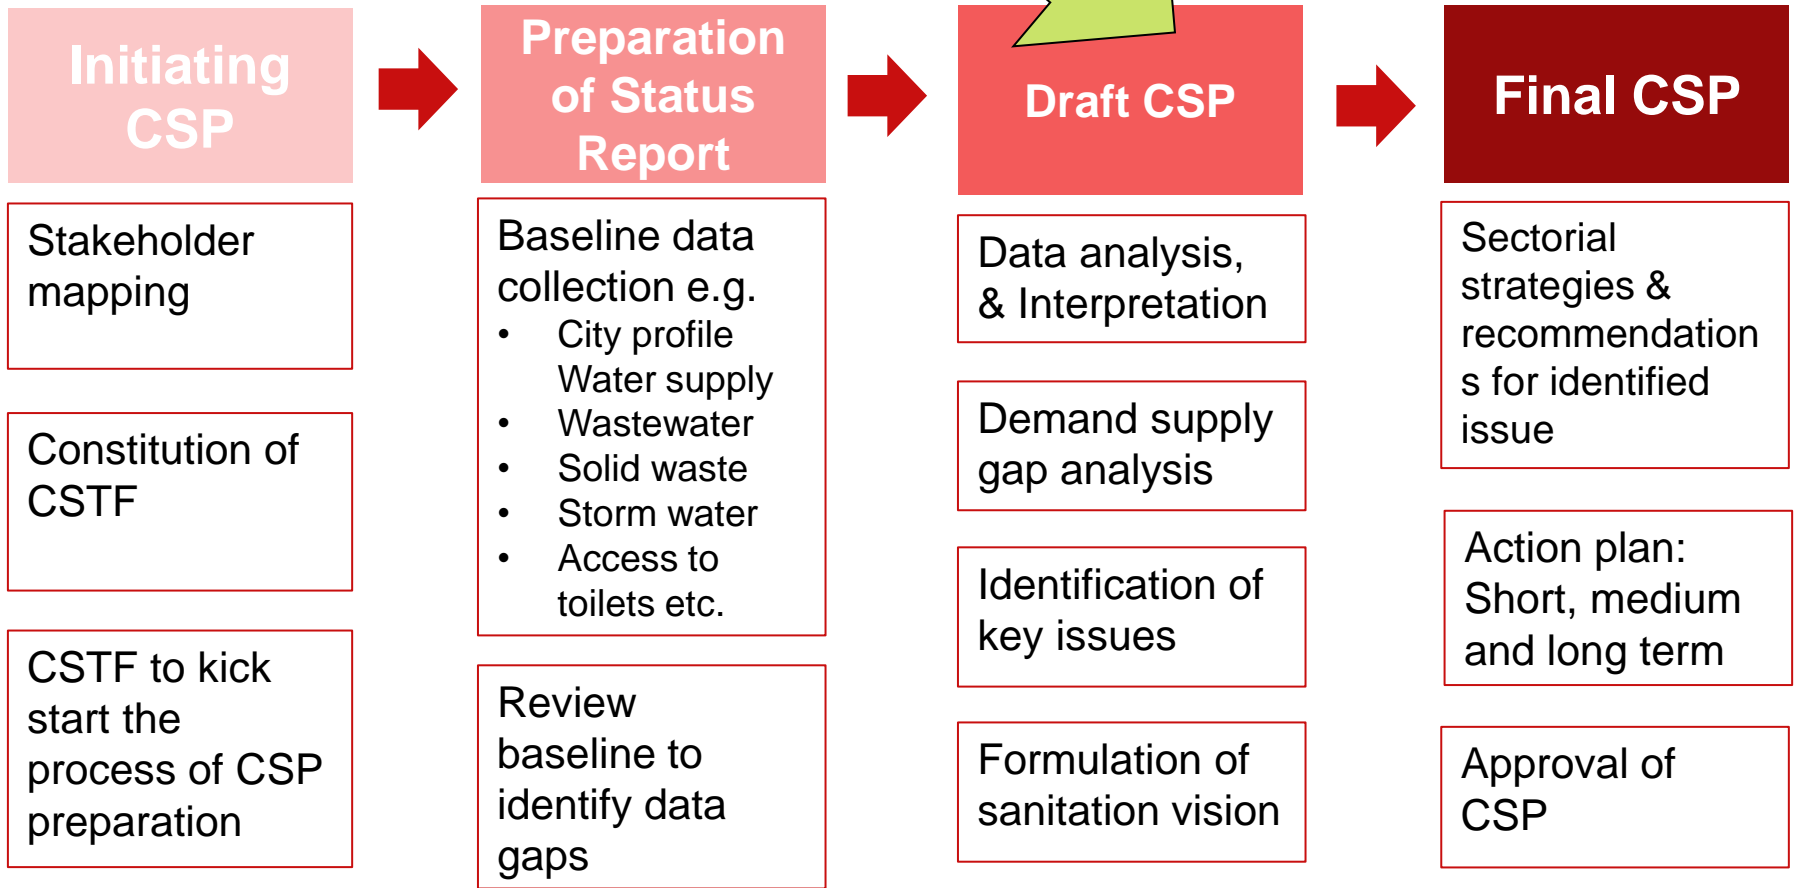

Target groups:

Decision-makers and experts at city and state level confronted with challenges of CSP development and implementation in Telangana, Andhra Pradesh, Kerala and Maharashtra.

- **Target group 1:** Key decision-makers like Municipal Commissioners, Senior Officers from ULB and State Departments
- **Target group 2:** Elected Representatives
- **Target group 3:** Municipal Engineers at middle and operational level

Steps in CSP process

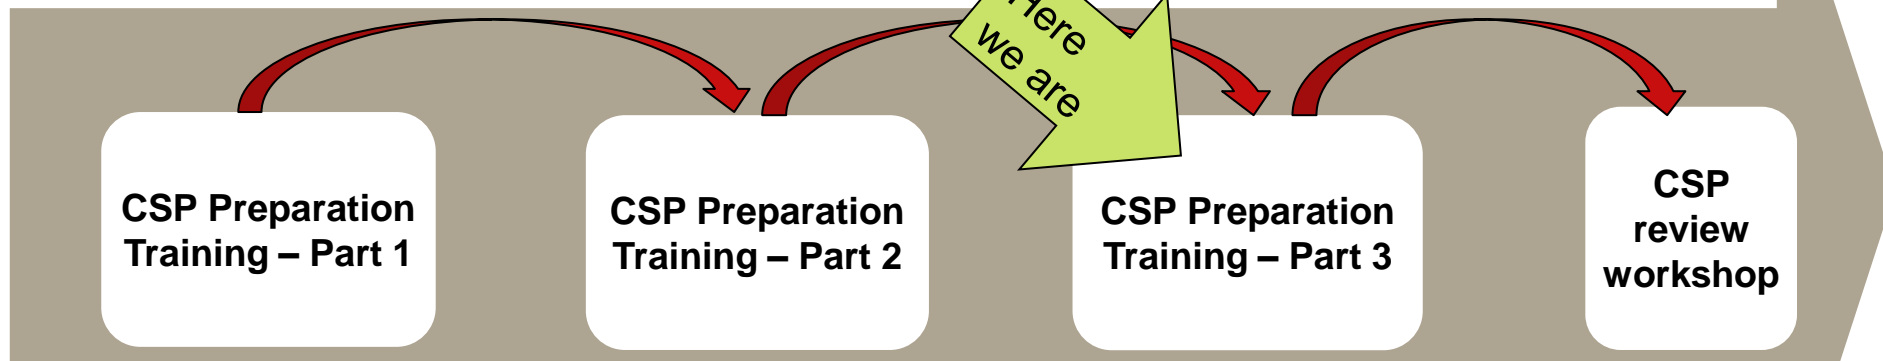

Endorsement by City Sanitation Task Force (CSTF)

Training programme for CSP preparation process

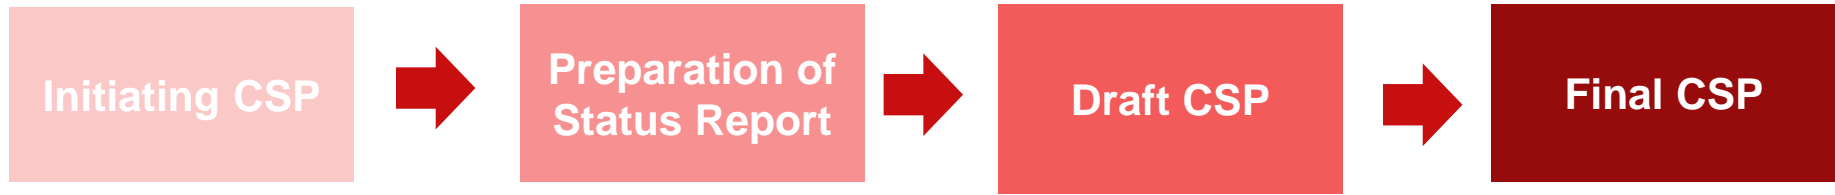

HANDHOLDING PROCESS (by state sanitation cell)

- CSTF formation
- Status Report preparation

- Demand Supply gap analysis
- Key issues
- Prioritization

- Review of key issues
- Sectorial strategies
- Action plan

CSP Activities in Telangana until now

- **First Training** on CSP Preparation from 18-20 February 2015
- After the Training ULBs were asked for following steps
 - *Formation of CSTF*
 - *Notification on formation of CSTF*
 - *Baseline data collection and compilation of Status Report*
- **Second Training** on CSP preparation from 20-22 of May 2015
- After the Training ULBs were asked to take following steps:
 - *Strengthening of Status Report*
 - *Identification of Key Issues*
 - *Vision formulation with CSTF*
- **Third Training** on CSP preparation from 20-22 April 2016

Achieved Results

- 10 Status Reports had been submitted before and during the 2nd Handholding Training
- 3 Draft CSPs have been submitted to C&DMA: Karimnagar, Nalgonda, Khammam

Objectives of current Training

- Exchange on on-going processes in ULBs (Status Assessment Reports, CSTF)
- Review existing status assessment reports
- Capacitate participants in preparing the CSP in their towns and cities.
 - Provide knowledge of how to **develop goals and select feasible options**
 - Provide knowledge on how to **design a CSP Action Plan and Cost Estimates**
 - Prepare trainees for **preparing an IEC Campaign**

Structure of current Training

1

- Review of proceedings

2

- Strategy development

3

- Selection of options

4

- Development of Action Plan

5

- IEC Campaign

6

- Development of City Investment Plan

7

- Next steps in CSP process
